Physically & Spiritually Touching Lives

February 8, 2026

Dear Harvest Supporters,

It is with heavy hearts that we share the tragic news that an Agape Flights missionary airplane crashed in the mountains of Haiti, and there were no survivors.

Agape Flights served alongside us for many years during our time as missionaries in Haiti and played a key role in ministry. We came to know their pilots and staff personally, and Agape was always quick to step in—bringing help, hope, and vital support to the Haitian people, especially in the aftermath of hurricanes, earthquakes, and other times of crisis.

We invite you to join us in prayer for our dear friend Allen Speer, CEO of Agape Flights, for the entire Agape staff, and especially for the families of the fallen crew members during this time of profound loss.

You can view the announcement from Agape Flights on their YouTube channel:
