## **Urgent Need for Summer Camp**

Last summer our ministry was able to help coordinate three summer camps. They were huge blessings to the children and those who came to minister to them from the US and UK. We saw God literally change hearts and lives in His special way. It was truly amazing what He did.

Now, we have an urgent need for your prayers and if you feel led, your financial support. Randy and I have been helping to prepare four different summer camp teams for 2007. However, one of the teams has had to back out at the last minute with their team and sponsorship of the camp. We thought we had a back up team but that team was not able to commit to this camp either.

So, now we are in the process of trying to put together a small team that would help our Romanian team with this camp, but we are in desperate need to find financial sponsors. The total cost for a camp is approximately \$6,000 which covers a week at camp for the children and team members, transportation and other expenses of camp.

We are trusting that God will provide the team members and the funds for this camp so that the children will have a week away from their everyday environment and be in a place where God's love will be showered upon each of them in a tremendous way.

If you feel God tugging at your heart to help us sponsor this camp, send your tax deductible donation to Harvest International at the address listed below. Please make your check out to Harvest International and designate on your check or include a note with your donation that these funds are for Randy and Debbie's July 19th-29th 2007 Summer Camp.

July 19th-29th **Need Sponsorship**

Thank you so much for your prayers and support.
