

Harvest International, Inc.
Physically & Spiritually Touching Lives

July 01, 2026

Dear Friends and Faithful Supporters,

"Blessed is the nation whose God is the Lord." ~ Psalm 33:12

As the United States of America prepares to celebrate its 250th anniversary, we are reminded of the vision of our Founding Fathers to establish a nation under God. They sought to build a country founded upon God's principles and moral precepts—a people who desired to live according to His ways.

Perhaps the greatest reason to celebrate these 250 years is to joyfully reflect on God's faithfulness, His abundant blessings, and His guiding hand over this great nation throughout its history.

Please also join us in praying for the people of Venezuela. They are suffering greatly following two recent earthquakes that have destroyed buildings, claimed lives, and left thousands of people unaccounted for. Having experienced two earthquakes of similar magnitude while serving as missionaries in Haiti, we understand the heartbreaking reality of people trapped beneath collapsed concrete and rubble and the immense challenges that follow such disasters.

We would also appreciate your prayers for us, asking the Lord to open doors and clearly direct how Harvest International can be involved in providing relief and hope for those affected.

Thank you for your continued financial support of the missionaries serving the Lord through the ministry of Harvest International. Your faithful prayers and generosity make it possible to share the love of Christ around the world. May God richly bless you.

With gratitude and faith,
Rod & Debbie Wray
 Executive Directors
