Romania

December 2011

Ukraine

As I look back on 2011, I can testify firsthand to what the Lord has done and continues to do in the hearts and lives of people all over the world.

May – Bangalore India – Pastor Daniel and Ms. Betty - Medical Mission trip and ministered to the children in several villages outside of Bangalore through Day Camps and Evangelistic services in the evenings. Also traveled to Ongole to visit an orphanage with 25 children and conduct a VBS for over 100 children. It is a beautiful country but the people need Jesus Christ in their lives and not the idols they pray to.

June – Odessa Ukraine – We held our first ever VBS/Day camp in two villages. The NC Team arrived but not their luggage! We depended upon His provision that week and of course, He provided every need in a mighty way! It was truly an amazing time. Also, we had the opportunity to spend time with the boys at House of Hope – how they have grown and matured since my last visit!

July – Rau De Mori, Romania – NC Team led this summer camp and did an amazing job! The Pastor of the children and many of the children’s lives were changed. This is the second year for the camp and words cannot adequately describe what happened that week!

After this camp I had my oldest summer intern ever, Mr. Vic, who is 70! What a blessing he was to me and to the children he poured his heart into. I hope I have his energy and enthusiasm for Christ when I get to that age!

Also in July, my Romanian Team and summer interns, Vic and Josh, all pitched in to have a VBS in the village of Fonau, a small gypsy village about 45 minutes from Oradea. I loved craft time with the kids. For many of them it was the first time ever coloring, drawing or doing any type of craft. As I sat next to a little girl who only

wanted to color the whole page with one color, I would try to give her another color but she would not take it. She would pick up the one that I took out of her hand and start coloring the same color again. It was a good picture of how the Lord tries to teach us and move us along, but we end up telling the Lord, "I've got this, my way is better, I like this color better."

August – Hospice Camp - Words are hard to say what this camp does to me, as I watch these children deal with illness and issues that I have no clue what they are going through. To watch them play and worship, sing, do crafts, and just enjoy each other and the time they have together, truly humbling. To get up each morning and see the smile on their face; their excitement; and their energy; just to be a part of another day is inspiring. The team for this camp was comprised of people from 4 churches from 4 different states with 2 team members from England. They did a GREAT job!!! They all were a little fruity, as the theme for the week was the fruits of the spirit. We learned a lot from them, as they taught us some valuable lessons.

September/October – Poroshkovo, Northern Ukraine – Worked with a Romanian/Ukrainian Pastor and his wife with basically an unknown people group that was discovered approximately 3 and half years ago. These are Romanians who have lived here for about a 100 years. Yes, I said Romanians, and yes, they live in the Ukraine. Four families fled Slovakia about 100 years ago into this area of the Ukraine and have lived there ever since in seclusion. They speak Romanian but didn't know this was their language until the Missionary family told them. Most of them do not read or write and there has been no church or Christian influence in their village until 3 and a half years ago. There are about 2000 of them, with approximately 800 of them being children. We stayed a little over a week working with the Missionary pastor and his wife who live in the village and work with the people/children on a day to day basis building relationships. I am already making plans for a team to travel to this village next year for various projects and a VBS. What an exciting time!!

As summer was over and fall was coming, so were several changes. I had to move from our apartment of four years, which was on the sixth floor, to another building on the seventh floor. I also got sick with salmonella about a month before I was supposed to come home and it prevented me from traveling back to the Ukraine. Well as you can see, it has been a very busy summer and fall. We were in 5 different countries: India, Ukraine, Moldova, Romania, and Hungary. God is so good as He has provided safety, protection, provision and traveling mercies.

As I make plans for next summer, I trust that God will again provide for the financial needs of this ministry. I do not take a salary from the ministry but only use ministry funds to pay for the expenses, which includes air travel, health insurance, housing, vehicle maintenance and fuel while on the mission field. Please consider helping us financially with this ministry through your tax deductible donation to Harvest International on our behalf. We cannot continue without your support. God has provided and as long as He continues to do so, so will we!

Thank you for your prayers for myself and Debbie. We love each of you and look forward to the day when we will all sing praises and worship our Lord together in His presence!!!
