

3rd Quarter 2019 Newsletter

P.O. Box 6690 • Ocala, FL 34478-6690 • www.HarvestInternational.org • (352) 622-1818

Welcome to Harvest International's 3rd Quarter Newsletter. I pray that this newsletter will encourage you as you read about what God is doing through you as you support our missionaries and our ministry. It is because of your faithful prayerful and financial support that this newsletter is possible. Thank you for all that you do on behalf of the missionaries that each of you supports.

To say that we have had a busy end to the third Quarter of 2019 would be an understatement. I have spent the entire month of September providing "Buckets of Love for Disaster Relief" to the Bahamas. Harvest has committed to providing 500 buckets for the relief effort to the Bahamas. As September ends there has been over \$10,000.00 donated towards the buckets. I have delivered 132 buckets and have another 144, of which 70 have been sponsored, and another 74 waiting for funds to be sent. Praise the Lord.

Not only have we provided the buckets but have also provided two pallets of walkers, 1,000 Adult Diapers, and 1,500 Bed Sheets.

As I write this letter I am mindful of the storms that are still potential problems for the area we serve. Haiti comes to mind. I will be keeping a close eye on them and hopefully will be ready to respond.

Speaking of Haiti, please continue to pray for our missionaries in Haiti. All of their latest updates are in this newsletter. Please take time to read their letters.

Also in this newsletter are updates from Costa Rica, India, Jamaica, Kenya, Romania, Uganda, and Zimbabwe. There's very exciting things happening in the lives of each of our missionary families. Take a few minutes and read their stories.

Physically & Spiritually Touching Lives

Behold, I say unto you, lift up your eyes and look on the fields, for they are white for harvest! ~ John 4:35

Harvest International's Buckets of Love Disaster Relief Project

Natural disasters occur all over the world. They can devastate the landscape and leave victims without basic necessities to survive.

Since October of 2016 Harvest has responded to disasters with our Buckets of Love project. We have sent thousands of buckets filled with relief supplies to countries that have been devastated by hurricanes and other natural disasters. We were able to be a part of the relief efforts to Antigua, Bahamas, Dominica, Haiti, Houston TX, Puerto Rico, South Florida and Mexico Beach Florida.

The bucket is one of the most useful items we send. Buckets can be used to sit on, store items, get water, wash clothes, and a variety of other uses. Inside the bucket we send food, hygiene products and other survival items as they become available. These supplies have been very helpful to the people that receive them after having lost everything.

If you feel led to help with our Buckets of Love project you can sponsor a bucket for \$50.00. This covers the cost of all the items plus shipping. Please keep us in your prayers as we work for the Lord helping those in need. God bless you.

Lloyd & Elaine Cook

Serving the Lord in Jamaica

Hurricane Season - 'September Remember'

In primary school we learned a poem concerning the hurricane months:
"June, too soon; July, stand by; August, look out you must;
September remember; October, all over"

This seems to have changed: now the second to third weeks of September are considered the most busy hurricane weeks, no longer August. While all of the Caribbean is in danger each year's hurricane season, we in Jamaica have been fortunate that since 2007, (when hurricane Dean took off our roof) Jamaica has escaped being hit. But, we sorrow with our Bahamian brethren as they suffer and seek to repair after being hit by 'Dorian.'

Many Jamaicans reside in the Bahamas and work in their hotel industry, and some were affected in Marsh Harbour and Grand Bahama, but we suffered no loss of Jamaican lives. Thank God! Many Jamaican businesses, social and Church groups are preparing to send aid. The Jamaican government has sent a large group of our military to help in search, relief and recovery work. Lloyd wishes he were twenty years or more younger, so that he could be on a relief team over there, helping in relief and recovery efforts, as he often did in other Caribbean countries in the 1980s to 2000.

While the summer is over, we are still here, doing all we can to advance the Kingdom of Jesus Christ. We will surely miss the lovely colours of 'Fall,' but we will certainly NOT miss the winter and snow. While we took no 'holidays' nor went anywhere for rest time, we did have a number of family visits: one from a younger sister of Elaine with her family, and one from a younger brother of Lloyd's and his wife. They were here nearly a month apart. Lloyd's brother and sister-in-law visited from Tanzania, where they are using their training and former technical and business experiences to help the local people and government, aiding Small and Medium Business persons improve their procedures and thus their income. In chatting with them we recognized they were really doing 'secular missions' work. Please pray for their physical enablement and spiritual growth.

Elaine and I, and our church, also benefited from the visit in early August of two female Jamaican medical and educational missionaries to Liberia. Lloyd had them to share with the church their photos and training activities, and how God is using them to prepare Africans to serve their own people. Do keep them in your prayers as they return to Liberia at the end of September.

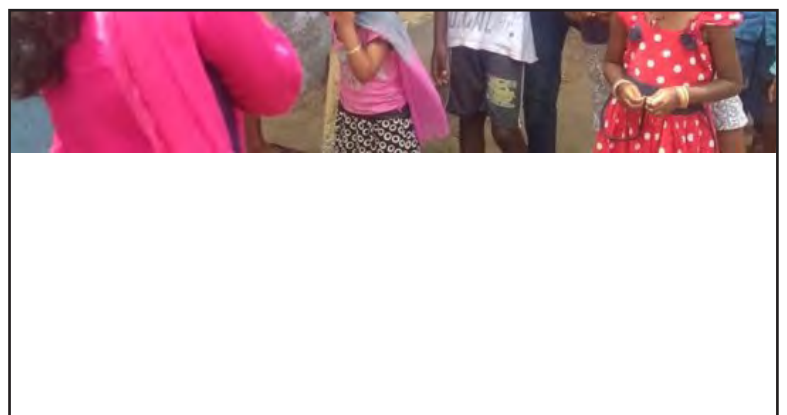

Lloyd continues in his work of research, interviewing and writing the history of his church group. He hopes to finish by the end of the year. Meanwhile he is also involved with three different Colleges and Seminaries. While not teaching at Regent College of the Caribbean this semester, he assists sometimes at Midlands Bible College, and just finished as a reader and adviser of a graduate student's Theological Thesis. He is also preparing to teach an online graduate course on Caribbean Church History at the Caribbean Graduate School of Theology in February upcoming. Do uphold him in your prayers as he prepares for this venture.

Elaine continues with her various children and youth interventions and outreach ministries in the new school year just beginning. She reports "The summer is over, and what a hot time it was, but God in His love has sent us several recent showers of rain." She was kept very active helping out with Vacation Bible Schools (V.B.S.) in two of the smaller churches. She was also kept busy fellowshipping with and caring for three groups of family member visitors. She also continues to assist two preteen boys in literacy and numeracy, and takes them to church on those Sundays that she can get them to go along.

We thank you profusely for your interest in what we are doing for the Lord, and for your prayers and financial support of us. We rejoice in the good health that the Lord gives us, even as our years increase and our bodies grow somewhat weaker. Keep praying for us to be able to continue doing what we do here, and more as we are able.

The Good Samaritan Sponsorship Project with Dick & Barb Johnson

Serving the Lord in Uganda

Tadeo, Carolyne and Adriel

Dr. Tadeo Katuramu has now finished his first year of four at Kabarak University in Kenya with his wife Carolyne and daughter Adriel. His first year he was at their teaching hospital, Chogoria. Here are comments from his most recent e-mail:

“We are all doing well. I am now in Surgical rotational, done with Medicine and Obstetrics. I am done with my first year and new semester starts the first week of September. We thank God for His providence and strength He has given us to enjoy every moment of life. We thank

God for you and our other sponsors, for your love, care, support and prayers for me and my family. Thank you for your ever presence. Thank you for loving us endlessly. You have wiped away my tears of being an orphan from the very first time I met you in Busoro. I still have the photo of you, late Mum and I while in primary 3 in 1999. You have done a lot for me to make me who I am now. Thank you so very much, may the Lord bless you abundantly. I am praying that God will keep you safe to see me graduate in three more years from now (2022). I also thank God for the beautiful, trustworthy, patient, kind wife Carolyne - thank you for helping me start a home.

Please continue to pray for us to continue growing strong in faith to serve the Lord as we continue to serve the Lord in different dimensions of our lives.”

Chogoria Hospital Community

Dhan & Dolly Lalsee

Serving the Lord in Zimbabwe

dhandolly@hotmail.com

Tel: +263 712 218 896 (calls only) WhatsApp: Dhan +263 715 472 486; Dolly +263 736 261 000

Greetings from Zimbabwe! We returned from our short, whirlwind furlough on August 30th. It was a joy to meet some of you during our visits to your local churches. Sorry we could not meet more of you. Our thanks to all of you who made us feel welcome and gave us quality time at your homes or restaurants over meals. Deep appreciation to all who hosted us, and even beat Dolly at Scrabble by all of 5 points - but hey, a win is still a win!

There were many highlights of the trip; among them our debriefing evening over dinner with members of the Harvest Board and Staff, as well as some fellow missionaries. Our time with family members were also very special. It was the first time we were visiting Dolly's home Island (Dominica) since the devastation of Hurricane Maria two years ago. Although much restorative work, both public and private, has already been completed, a great deal more is yet to be done. Many are still under tarpaulin 'roofs', mostly because of the great demand for skilled workmen at such a time. As you can imagine, the personal stories are heart-wrenching!

Our return to Zim was bitter sweet. Yes, we are happy to be back although re-settling has not been free of challenges. Some of you have expressed concern over what you read and hear in the media. Indeed, the Nation is going through several challenges, among them an awful drought. In our eleven years here, we have never seen so much brown all around as plants take a beating. All three boreholes (wells) on the property where we live have dried up. Electricity rationing continues but we do get some power from about 10.00pm until 4.00 am. During the day, we also get limited power via a solar feed from next door and a neighbor graciously supplies us with some water. Dhan left home at 4.30 this morning to join a fuel line and returned with a full tank at 8.30am, so we are good to go. Naturally, the lack of water and electricity has a ripple effect on many other areas. Then, there is the matter of the steady decline of the local currency. When we left here in late May, the US dollar was equivalent to seven local dollars. Today, it is down to the low twenties!

Today's world is filled with challenges of all kinds. At the service yesterday, the Preacher reminded us that we must set aside our fears and belly-aching and get on with what God has called us to do; that when we set forth in obedience, God by His power accomplishes His purposes in and through us. He shared how God called him, an ill-equipped, uneducated guy whose only hope was employment as a farm hand or, if he really made it, a gardener. He told us of his difficulty at school with English, the punishments he received because he could not grasp the language and how he prayed and fasted when he was called upon to deliver his first message in English. But he also testifies of experiencing the empowering of the Spirit throughout that message. Today, in his desire to be true to God's call upon his life, he sees the necessity to leave his comfort zone. Indeed, as believers, we are called to die to ourselves repeatedly that Christ might be manifested in our daily lives. Is that what our Lord means when He calls His disciples to "take up their cross daily and follow Him"?

May God grant all of us grace during these challenging times to look past our personal comforts and faithfully keep our eyes on the Lord of the Harvest. Thanks for standing with us.

Alan & Pam May

Serving the Lord in Kenya

This summer's Kenya mission trip was a huge success.

Prison Ministries - *"Remember those who are in prison, as though in prison with them, and those who are mistreated, since you also are in the body."* Hebrews 13:3.

Visiting prisoners to share the good news of Jesus Christ and to demonstrate His love for them is a worthwhile undertaking. This year we were able to include visits to both the Eldoret Women's Prison and the Eldoret Men's Prison.

The atmosphere of these prisons was not so oppressive as anticipated because the Women and Men were excited about having visitors, singing and dancing in praise to God, and receiving gifts of toiletries and food.

The various Sunday School classes for the younger children, and I taught the teenagers' class. Our time with the children and teenagers was sweet and rewarding for all involved.

Sunday Morning Church - The Spiritual Life Center is the name of the local church of which Pam and I were members and the home church of our kids and their caregivers. As a body, they have had a rough go of it over the years...victims of 'land grabbing,' malicious demolition of their church building, court battles, tragic death of their beloved Bishop Ben, forced relocation...but through it all, the people maintain their faith in God and demonstrate total dependence upon Him. The Living Hope ladies led the

Cheramei Primary School - The primary school around the corner from the kids' home has a special relationship with the GFE Children's Home. Each year we are invited to share the gospel with kids in the school. This year we sang songs and taught about the cross of Christ with the first and second graders. We visited the special needs class and invited them, along with their parents, to have lunch with us at home. During lunch, our ladies made a card with a photo for each child and parent to commemorate our time together. We also fitted the students with shoes. A wonderful time was had by all, and our relationship with the school has grown in love and affection.

"When you give a dinner or a banquet, do not invite your friends or your brothers or your relatives or your rich neighbors, lest they also invite you in return and you be repaid. But when you give a feast, invite the poor, the crippled, the lame, the blind, and you will be blessed, because they cannot repay you. For you will be repaid at the resurrection of the just." Luke 14:12-14.

Kamkunji Slum Visit - Rhoda cares for her own children and other kids who would otherwise be living in the streets. They all live in a typical slum dwelling comprised of walls made of mud and sticks, dirt floors, and a rusted tin roof.

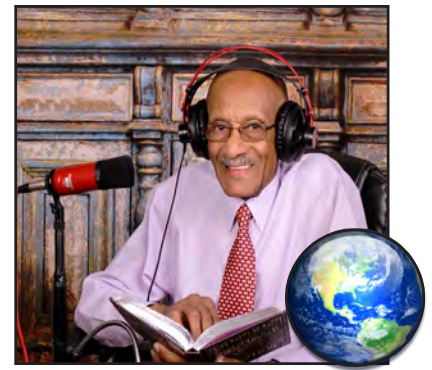

We have come alongside Rhoda for years to help her with the purchase of food, school uniforms, and the payment of school fees. Rhoda makes purses, shopping bags, backpacks, and other sewn items to sell, so our team members do some of their souvenir shopping by purchasing from her. It is always a blessing to visit with Rhoda and family, pray for them, and deliver food and supplies.

Catching Up With Older Kids - Chinese food in Eldoret, Italian food in Nairobi, a road trip to Kitale, and 'matatu' rides home were the venues and means of visits with our older kids who are no longer living in the home. *"My command is this: Love each other as I have loved you."* - John 15:12

The Bible Speaks Radio Ministry *with Audley Mclean* Serving the Lord by World Radio

The Shepherd 96.3 / 103.5 FM

Greetings to my The Bible Speaks Family. Yes, that is how I think of you. You who stand by this ministry are family. Some of you I have never seen and some of you are close by, but I consider each of you as a member of this family of servants. That's right, servants. What a privilege to be servants in the household of the King of Kings.

I only have praise to God and thanks to you for allowing me to be a voice. That too is a privilege I don't deserve and do not take lightly. Every time I sit before the microphone to represent you and most of all the Lord, I think, with a sense of littleness, how privileged I am to be called upon to stand next to John the Baptist and his predecessor, the prophet Isaiah. With them I am saying, "I am a voice shouting in the wilderness, 'Clear the way for the Lord's coming!'"

In addition to the awe I feel, there is the glorious fact that the message of Isaiah and John was true of the first coming of Jesus. That happened, just as promised. What propels me even more today is that the same promise is true of the second, imminent return of Jesus, our Lord. Joining Isaiah and John the Baptist is the voice of the angelic messenger in Acts one. "This same Jesus..." yes, this same Jesus, who has been taken from you into heaven, will come back in the same way you have seen him go into heaven."

This promise propels me. Propelled by that promise and responsive to the command of Jesus, you and I see the fields as white, ripe for harvest. That is one reason, I am delighted to inform you that since I last reported to you, we have added to our listenership a potential 1.2 million listeners by way of WDZY-AM 1290/FM 103.3 - Richmond, VA - Serving a population of 1.2 million. The Bible Speaks broadcast time is 4:15 pm - 4:20 pm on Thursdays.

We are currently airing The Bible Speaks on these powerful stations, and we are looking to the Lord, through you, to be able to add the Word of Inspiration, our daily five minute program.

Of course, the next big thing happening with your radio ministry is the annual fundraiser banquet on October 8th at Collegeroad Baptist Church.

God bless and keep you alert to the opportunities for services.

The Bible Speaks Radio Ministry - 2019 Fundraiser

October 8, 2019 at 6:00 PM • Collegeroad Baptist Church • 5010 S.W. College Road • Ocala, FL 34474
Contact Harvest at 352-622-1818 to RSVP by October 1st - Seating is limited

Please join us for this year's celebration of God's Amazing Grace and help us spread the story of the gospel through the ministry of The Bible Speaks.

We thank you for your faithfulness in prayer and giving. You have enabled the ministry to grow and take on additional stations during this year.

This year's gathering will have two great features to bless your heart. The delight of hearing from gifted and godly Tommy McClam and the rich music and message of Amazing Grace, performed in a rich variety of genre.

Tommy is the Say Yes Buffalo, Director of Boys and Men of Color Initiative, where he oversees a city-wide coalition aimed at accelerating positive outcomes for boys and young men of color across the cradle-to-career continuum. His passion is to see all people strive for excellence and reach their transformative God-given potential. He believes that all people sit on the brink of success, awaiting opportunities to achieve true purpose found only through a personal relationship with God.

Faith Foundations International *with Ray B. Nelson*

Serving the Lord in India

Ray left for India on September 11th. As always, he was extremely excited and thankful that he was able to return to the country and people that he loves. His return, however, is bittersweet because Shanti, Sharath's wife, will not be there to greet him when he arrives.

Ray received word at the end of August, that Shanti had passed away after a severe illness. Indian custom dictates that she be interred within a couple of days and that the family then host a memorial/funeral service at a later date. Ray will be able to participate in this memorial and be with Sharath during this difficult time.

Shanti was a Godly woman and a firm believer that will be missed greatly by her family and friends. Sharath will miss her invaluable assistance with his ministry. Hopefully Ray will be able to support and encourage him during this time of change and readjustment.

Shiloh Children's Home
with Tom & Ginger Schmidt
Serving the Lord in Haiti

“Pray w/out Ceasing”
~ 1 Thessalonians 5:17 ~

We thank you for your prayers for SCH! We Praise the LORD the boys, Dieulène & Nelson and family are all doing well. The move to Hinche has been good for all. They have electricity, well water, an outhouse, and food easily accessible! Such a great blessing!!

We continue to pray for Haiti concerning the turmoil over fuel shortages and the unstable government. There has been some improvement recently. We pray this will be the beginning of more stability in all areas.

We hope to get a team down sometime to do some work on the home. Screens on windows and doors would help keep bugs out and some other ‘cosmetics’ would be an added Blessing!

Please continue to pray for the health of the children. We covet your prayers! This year a dear friend of Ginger’s has gone on to Glory. We will miss JL, she was such an inspiration and a strong Prayer Warrior for us. But we know she is no longer suffering, Praise GOD!! May you be Blessed by the Father’s Love.

“Wherefore seeing we also are compassed about with so great a cloud of witnesses, let us lay aside every weight, and the sin which doth so easily beset us, and let us run with patience the race that is set before us, Looking unto Jesus the author and finisher of our faith; who for the joy that was set before him endured the cross, despising the shame, and is set down at the right hand of the throne of God.” ~ Hebrews 12:1-2

Discovery Christian Adventures with The Toler Family

Ryan, Lisa, Emma & Joshua

Serving the Lord in Costa Rica

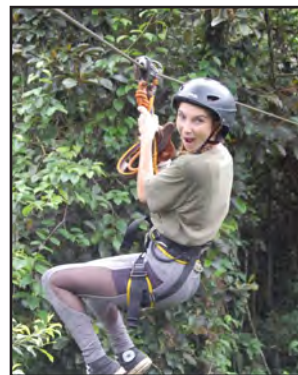

Our first student mission trip as “Discovery Christian Adventures” took place in June 2019 and words can not describe how awesome it was. God was totally a part of this trip from the beginning to end. Our students were able to learn how to rely on God in every situation. We were able to share God’s love with those in Sitio de Mata and Pavones, Costa Rica and they shared God’s love back to us.

For our mission work we were able to take food and toiletry supplies to a family in Pavones. God took the money that we raised and literally multiplied it. We raised about \$300 and we were able to buy food for a couple of months for this family and bedding, towels and few other household items. Some of the \$300 we raised went to a school that supplies food to students that don’t have food at home. We were able to help the schools kitchen with supplies to cook the food for the students. We literally witnessed a miracle with all that we were able to purchase with just a little bit of money! We also shared God’s love with some kids in El Silencio. We spent one afternoon playing games, face painting and giving out salvation message bracelets. Our students loved making the personal connections with all the children.

Everyday on this trip we were able to dig deeper into God’s word thru daily devotions and bible studies. We would spend evenings with topical discussions, singing worship songs and building relationships with our host families that we were staying with. We could go on and on how these moments were life changing. Our christian walk should always be an adventure no matter what we are doing.

We are so thankful for what God has been calling us to do thru Harvest International. We are starting to plan for 2020 trips so please feel free to contact us if you or your students know a group that would like to go on this life changing adventure with God!

The Truelove Family

*Austin, Kaelee, Sabashtian, Katianna,
Majolie, Mirette & Ariella*

Serving the Lord in Haiti

Lady's Previous Home

August has been the culmination of a lot of things that we have waited for. As you know, it takes time to establish oneself in a new home when you have moved across town. It takes longer to establish oneself in a new city or even a new state. It takes longer to establish oneself in a new country as a foreigner. I wanted that to just happen; I had unrealistic expectations of how fast that would happen and it never occurred to me that change in general takes time. We have been waiting as we work. Now, God is rewarding the waiting with his good blessings.

All this month, Austin has been hauling materials, supervising work, and getting in on the roofing and pouring the concrete for the house he started plans for several months ago. We asked for prayer that the home would fall into the budgeted money, and praise God, it was within \$50! On the house site, pure white sand (which is of considerable value since the closest sand would have come from a river several hours drive away) was found and workers dug it out as needed. This saved us the cost of sand and the transportation of it. Half way through the project, chunks of our tires were literally ripping off with every load. We prayed that God would keep them intact until we could finish and purchase new tires. He provided both longevity for the tires, and the procurement of new tires for a reasonable price.

Foundation Completed

Austin putting on the roof

One more answered prayer of many is that we found a neighbor lady who is teaching our children Creole. She is a kindergarten teacher, but this has been quite a challenge for her since she knows very little English. We love to hear the children singing the Creole songs while they play. She has also been a quite helpful to me in my language study, as well.

With our major project completed for this year, we do ask for prayer and support to continue the water filtration project for which we have received funding for 300 of 1000 filters. With this break, Austin has agreed to help me with school while he continues his translation and development of the biblical finance course. He hopes to build relationships with local pastors and school directors in order to get the program started. We are blessed and appreciative of your prayers and generosity.

Completed in less than 1 month. PTL!

Camp Mahanaïm with The Wray Family Rod, Debbie & Katie

Serving the Lord in Haiti

We completed our summer camps in mid August and made a quick decision to take two week's vacation in Lithuania. We served as missionaries in Lithuania 23 years ago and built a church and a bible school and Katie had never been there, so we booked some last minute flights and headed for Europe.

We had a great time and were able to visit both the bible school and church that we had built. It was great to meet up with some old friends also. This old castle was the bible school and Deb had a classroom in the tower where she used to teach the missionary kids.

This is the church in Panevezys that we built and it was still in great condition, just the way we left it 23 years ago.

We greatly enjoyed our time in Lithuania and it was very fun to visit all the special places that we remembered from years ago. This is called the "three crosses on the hill" in the city of Vilnius. This is called the "hill of crosses" in the city of Siauliai, and we even brought our own cross made from Haitian mahogany to add to the collection.

While we were in Lithuania they celebrated 30 years of independence and it was a pleasure to be part of the festivities. We were amazed at the way that Lithuania has advanced in the 23 years since we had been there.

We thank the Lord for giving us a great vacation, and we have returned to Haiti re-energized to continue as the Lord leads. We are very thankful that hurricane Dorian passed Haiti without any problems, but there has been a shortage of fuel since our return at the end of August.

We have started a volleyball league for younger players and have more than 150 young people join in each Saturday morning. Our volleyball Angels have now advanced to being coaches.

We have also started a bible study for young people each Sunday afternoon. Mostly local young people are coming, along with some of our workers from the Renault Sunday school. We have given all the participants bibles and it is very exciting to see how interested they are in learning about God's Word.

Thanks so much for your prayers and support. We ask that you continue to pray with us regarding the Renault Sunday school and if the Lord will provide a larger piece of land, as we are bursting at the seams.

Katie made a short video of our trip to Lithuania if you would like to watch, you can find it here; <https://www.youtube.com/watch?v=Io5UK6a9zq8>
